

Team Axon from won the National innovation challenge three day Hackhaton at Habib University organized by Pakistan innovation foundation and I AM KARACHI

Almost 396 teams and 958 individuals were registered in the event out of which 130 teams and 40 individuals made it to the first round, 31 made it to the semis and seven reached the finals.

The special award for the Pakistan Sabeen Mahmud Prize for the Most Innovate Hack went to the Axon team. They presented the idea of an incident reporting system (IRS), which, according to the young team, will make crime reporting more interactive.
